

Let Lichtefeld handle the business of building while YOU handle building your business!

AG STEIER ASSOCIATES

Office Buildings

Square Feet : 26,000 sq. ft.

Project Location : *Plantside Dr. - Louisville, Kentucky*

Contruction Dates : *Start Date - 2003 End Date - 2004*

End User : *Tenant spec. office building*

26,000 sq. ft. Butler engineered widespan structural system with MR-24 standing machine seamed roof system by Butler Manufacturing.

The building is a two story office structure with brick stone/facade, storefront glass, storefront doors. The back is painted 8" block with hollow metal doors and overhead doors for small warehouse spaces. The building is designed to be a multi-tenant office complex with shared front and rear parking. The project was designed and built by Lichtefeld, Inc./Butler Mfg. along with Steve Harker architect of record.
