LINCOLN TRAIL BEHAVIORAL HEALTH

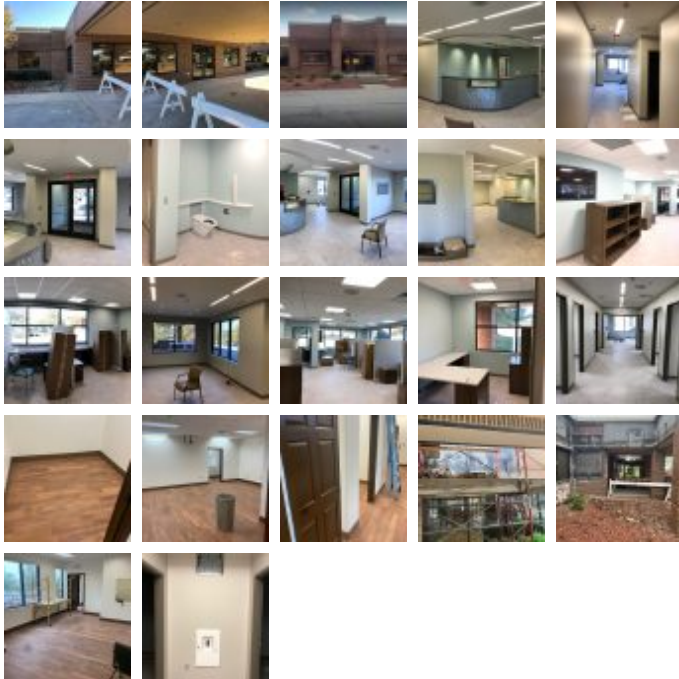

Medical Projects

Square Feet : 3,140 s.f.

Project Location : 3909 South Wilson Road
Radcliff, KY

Contruction Dates : May 10, 2021 complete January 2022

End User : Medical mental health

This project is a 3,140 s.f. reception and exterior renovation of the current building. The description is characterized as a lobby expansion, receptionist expansion, and intake room expansion. This project entails demolition, relocation of current operations with employees in a temporary office space, renovate the existing area in process, and then repopulate the new space with operations once finished. Final steps will be to demo the temporary office space and complete the job.

The project is designed and built by Lichtefeld, Inc. partnered with Lockett & Farley
