

Let Lichtefeld handle the business of building while YOU handle building YOUR business!

NORTON KCHMA BROADWAY

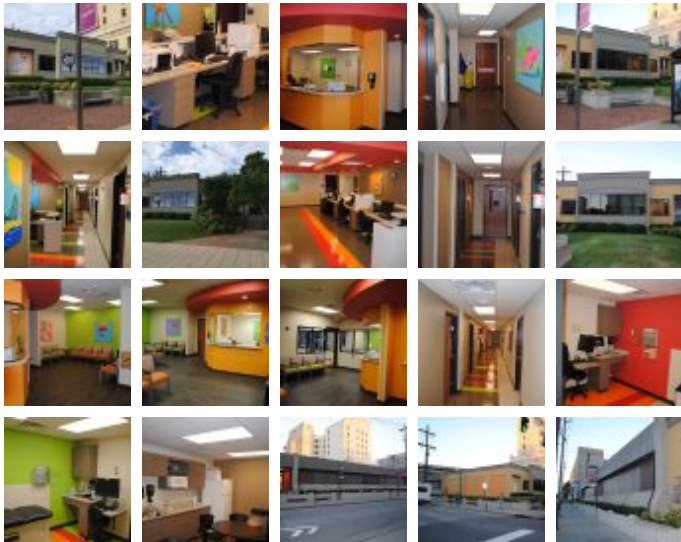

Medical Projects

Square Feet : 7,623 s.f.

Project Location : SW corner of Floyd and Broadway
Louisville, KY

Construction Dates : June 2016 to September 2016

End User : Medical office building

7,623 s.f. of medical office building / interior renovation, total interior demo and rebuild.

Free standing building, remodel for an existing Norton’s KCHMA, (Kosair Children’s Hospital Medical Associates). This Medical office building (MOB) for medical practices is located at the SW corner of Floyd and Broadway in Louisville, Ky. The end user will be for special needs pediatric medical services. This was an interior demolition and remodel of the entire facility. Remove walls, ceilings, insulation, electrical, HVAC, Plumbing, flooring, cabinetry, rework all for new operational layout. Fit up all new finishes for new floor plan.
