

Let Lichtefeld handle "The business of building" while YOU handle building your business!

SEVERNS VALLEY BAPTIST CHURCH

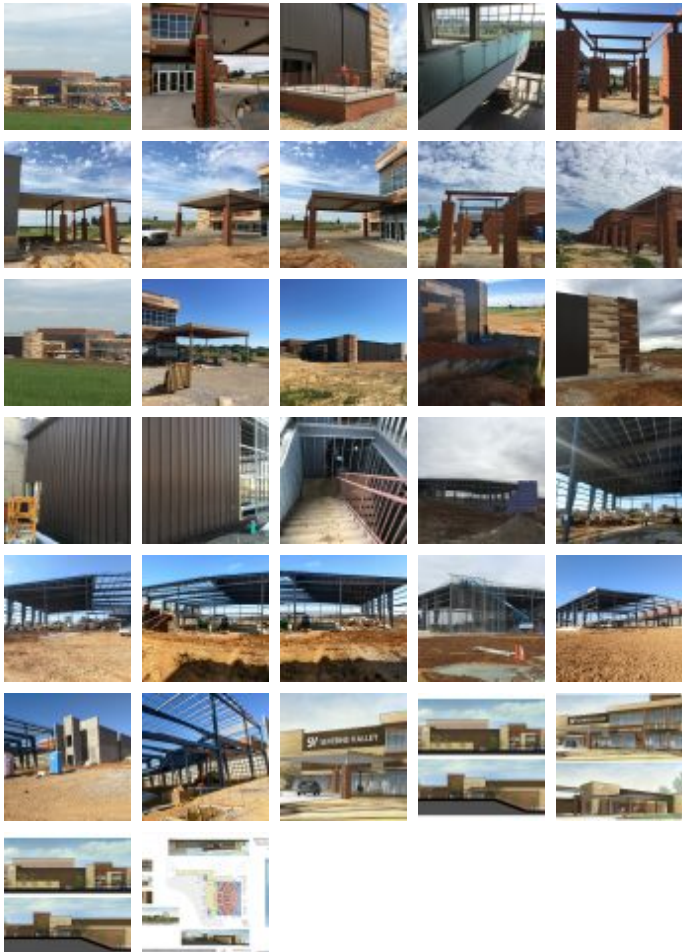

Schools and Churches

Square Feet : 41,000 s.f.

Project Location : 1100 Ring Road, Elizabethtown, Ky

Construction Dates : October 1, 2017 through December 20, 2017

End User : Church School

Lichtefeld, Inc. is designing and providing the Butler manufactured super structure, MR-24 standing machine seamed roof system, conventional steel structure, mezzanine structure, and canopies for Severns Valley via the

design build general contractor, Visioneering. This project is approximately 41,000 s.f. and will have interior remodel work to be done as well.

Lichtefeld, Inc. will install the sanctuary area first with the mezzanine, then the conventional add-ons will take place.

Lichtefeld, Inc. worked with Visioneering's design build team on a collaborative panel to provide the design and steel package for this project.
